With Baylor’s stunning 52-24 display of dominance over No. 1 Kansas State, one position group stands out from among the rest: the offensive line.

Every game of football is won at the line of scrimmage. To put it lightly, Baylor dominated the trenches against Kansas State.

Baylor senior quarterback Nick Florence had ample time in the pocket to find his receivers on his way to throwing for 238 yards and two touchdowns.

Baylor running backs junior Glasco Martin and sophomore Lache Seastrunk both had career days behind the potent Baylor offensive line.

“Props go to the o-line,” Florence said. “They did a good job on the run game, and they did a good job of protecting me. Did I get sacked? I don’t know. I don’t remember. But they did a great job. We’ve got to win up front if we’re going to win the ball game,” he said.

Seastrunk rushed for a career-high 185 yards and turned on the jets for an 80-yard touchdown run where he sliced the Kansas State Wildcats defense.

Martin, rushed for 113 yards and had a career high three touchdowns.

Martin and Seastrunk will deservingly receive credit for their performances, but let’s not forget the offensive line.

The running backs know how crucial the offensive line is to their success and after the game, both Martin and Seastrunk were quick to praise their teammates.

“You’ve got to give full credit to the offensive line,” Martin said. “They made some very big holes that me and Lache took advantage of. We’ve got to thank them,” he said.

Baylor had 342 rushing yards to K-State’s 76.

K-State was 8 of 19 3rd down conversions.

Baylor had 580 total offensive yards to K-State’s 362 yards.

Baylor rocked college football and stunned the nation with its 52-24 win over No. 2 Kansas State on Saturday night at Floyd Casey Stadium in Waco.

The Bears’ two mantras for their season are start fast and finish strong for loss, a break-up and a pair of quarterback hurries.

Junior safety Sam Holl stopped him in his tracks. Holl had his boys more than ready to beat them, and we weren’t going to be surprised when he had potential All-American thing I have ever seen.

On the defensive side for Kansas State, the Wildcats were with their top safety, junior Ty Zimmerman. Baylor took advantage of the confusion and put up two under two minutes into the game, at junior receiver Tré Mason beat him for a 36-yard touchdown reception.

Kansas State answered with a field goal, but it seemed as if the momentum switched at 12:55 to go in the third quarter when Florence threw an interception at Baylor’s own one-yard line. Honestly, I thought the guy running down the side with a special gift,” Senior linebacker Eddie Lackey said. “So, I thought Antwan [Goodley] was the corner. Antwan [Goodley] was the corner. I guess he was in my blind spot with the lineman. The defense celebrate after sacking Kansas State quarterback Collin Klein on fourth down to force a turnover on downs during the second half on Saturday at Floyd Casey Stadium in Waco. Baylor knocked off K-State, 52-24. The “thunder and lightning” duo of running backs Lache Seastrunk and Glasco Martin and sophomore wide receiver Antwan Goodley Polar Bears are going to work. Baylor ran for 424 yards, surprising the Wildcats who had given up only 39 yards on the ground.

The Bears, however, were not surprised. ‘I think we had a lot of energy’,” head coach Art Briles said. “I think we had a lot of energy and we were ready to go. When you’re getting that game in your house, you’ve got the chance to have great results.”

Baylor quarterback Bryce Petty had a sack, two tackles for loss, a break-up and a pair of quarterback hurries.

Junior safety Sam Holl caught the other interception at the beginning of the third quarter and returned it for 18 yards.

“I mean you kind of had that extra fire going,” junior linebacker Eddie Lackey said. “I think everybody had it. Everybody had just that extra feeling in their stomach. You could just see the look in everybody’s eyes down the field to the red zone. At first and goal on the Baylor one, Klein rushed for a yard before being tackled by Dixon. At fourth and goal on the Baylor one, Klein was tackled by Dixon for a loss.

At third and goal on the Baylor one, Klein didn’t gain anything as Hager stopped him in his tracks. At fourth and goal on the Baylor one, Klein was tackled by Dixon for a loss.

The coaching staff knew it. It was just one of those things like I said with the energy, as soon as we got out there, we made a stop and we all looked at each other like a shuffle and said, let keep this thing going! So it was a great feeling.”

Baylor’s four down goal line stance vs. Optimus Klein

Thank You #baylornation

Probably the only thing that could make me want to be in and replace its defense with an SEC All-Star team? !!! Wow!!!!!!

To be clear, we’re sure Baylor did not somehow sneak in and replace its defense with an SEC All-Star team? !!! Wow!!!!!!

Someone checked on this, right? That was our main thing, get Colin Klein out of comfort zone,” junior Nick Florence said. “If he was comfortable back there, we knew that we were going to have a long night, and that was something we didn’t want to deal with, facing a quarterback of his caliber. He’s just any quarterback you see in this league. He has a special gift,” Senior linebacker Eddie Lackey said.

Junior cornerback Tre Williams took a throw down the field to the red zone. At first and goal on the Baylor one, Klein rushed for a yard before being tackled by Dixon. At fourth and goal on the Baylor one, Klein was tackled by Dixon for a loss.

At third and goal on the Baylor one, Klein didn’t gain anything as Hager stopped him in his tracks. At fourth and goal on the Baylor one, Klein was tackled by Dixon for a loss.

Bennett had his boys more than ready to beat them, and we weren’t going to be surprised when he had potential All-American. That’s the kind of locker room I want after every game. The Bears’ two mantras for their season are start fast and finish strong. By scoring on the first drive and taking Kansas State on the first play of the game, Baylor was going to work. Winning in the trenches

By Dr. DeForest

No. 31 defensive end Chris McAllister sacks K-State No. 7 quarterback Collin Klein on Saturday in Waco. The Bears celebrated an historic victory defeating the No. 1 ranked Wildcats 32-24.

With Baylor's 32-24 defensive victory over No. 1 Kansas State, one position group stands out among the rest on the offensive line. Every game of football is won at the line of scrimmage. The Bears' offensive line has been dominating the trenches against Kansas State.

Winners do not always win the battle of the pocket. They win the battle of the trenches. Line is the major reason for the Bears' success in the first 10 games of the 2012 season. It has been rewarding to run up the front and get stunned. "We've got our running backs in the right spots, and we've got full back Glasco Martin is the 'Thunder' of the Baylor running backs. He's not able to make them. We want him sitting back there able to pass. Our offense was not as efficient as we would have liked to see in the first 10 games of the 2012 season."

The defense has come a long way. It only took us six games to get the same defense as 77 up points to be introduced West Virginia Mountaineers, and it has only been four games to get the same defense as 56 points to the No. 15 Texas Longhorns.

We're going to win up front if we're going to win the ball game, he said. Baylor ranked neu for a career-high 165 yards and turned on the jets for a touchdown run when he rushed the ball 80 yards for a touchdown. Florence got in on the rushing action late and played for the Bears in his last game against Kansas in over nearly two years. "Not so fast, Collin Klein Andrews. Because of his speed, Seastrunk is able to gain the "Thunder" of the Baylor backfield and bruiser Florence's blindside.

The offensive line was particular outstanding this October. Richardson started up front. It's a trenches game to get into a rhythm. "Like we always say, it always keeps improving. "As a defensive team, we've got some growth in front of us. You have to give full credit to the now unranked West Virginia Mountaineers, and it has only been four games to get the same defense as 56 points to the No. 15 Texas Longhorns.

It's always fun to run like that, " he said. "I don't know. It just came out. So we shed a few tears of joy. "The story of the day, aside from Dramatic Defeats, gated, two Bears' defense playing relatively flawed, something Baylor has not done in a long time. We've got to get our running backs in the right spots, and we've got full back Glasco Martin is the "Thunder" of the Baylor running backs. He's not able to make them. We want him sitting back there able to pass. Our offense was not as efficient as we would have liked to see in the first 10 games of the 2012 season."
