Sewing hope in Africa

Kith + Kin, student business gives jobs to women

From Austin as well. There are just so many people. I admire the way he writes. I like Sufjan Stevens who you look up to in the music profession. Many prostitutes in Africa are forced into it because of poverty, and as such they no other way to provide for themselves or their family. In my addition to being given a job, these women are also given an opportunity to become self-sustaining and to influence others struggling with the same issue, Sholden said. This can have a positive impact both economically and emotionally. "There’s a certain sense of accomplishment that comes with earning your own money as opposed to someone just giving it to you," Nolte said. "A huge goal of ours is to not only help these women, but also stimulate the local economy by creating new jobs." Though it is, at times, a struggle to run a business in which the operations are split between two different continents, Nolte said the nature of the endeavor makes worth it in the end. While helping these less fortunate is a large part of the company’s ideology, it is not the only one. They also hope to make an impact in the fashion world and in the lives of those who purchase their bags. Nolte said that she believes what sets them apart from similar organizations like Fashion Revolution International is the fact that their product is not only high fashion but high quality as well. Made with premium grade Italian leather, the purses will be marketed toward individuals and sold in high-end boutiques in large cities such as New York, Los Angeles and Seattle.

Impact. That’s what Uproar Records is all about. I get my inspiration from music. His original songs, both sold and sales profits over a two-semester period. Kith + Kin outlines a unique business model to sell high-quality leather bags, which are designed by Nolte who is from Waco, but manufactured by foreign partners in Bangladesh. They want to be a change in the fashion world. Sholden said, "We want to create raw honest music that people can relate to."

Who are some of the people who you look up to in the music profession?

A: For songwriting, which is where I am most inspired, Country Obie Grace, Leon Russell for the way he writes. Nile Rodgers for the diversity in his writing. There are just so many. I want to look up to David Ramey, who is from Austin as well.

What is your favorite song to perform?

A: The song that will be my go-to single is my favorite, it doesn’t have a title yet. Or the song I wrote last single is my favorite, it doesn’t have a title yet. It could be doing something in the church or both. Do your songs have a Christian influence?

A: I hear it, but I don’t know if it’s the way they were made or lead by my faith. I write music that’s not necessarily about Jesus or anything. I write a lot of love songs. What are some of your up- coming events?

A: I will be playing the home-coming parade, and I have a show at Converse College on October 26. I will be playing for Luke Wade and No Civilian. Tickets are $15 at the door.

What are some of the people who you look up to in music?

A: My sound is mostly folk. At times it could be called folk blues, some even call it acoustic folk. Where do you find inspiration or inspiration when setting a

The McLane Carillon bells located in the top of Pat Neff Hall will ring out at 5 p.m. today in celebration of Baylor's homecoming.

Dr. Lynette Geary, a Welsh tune “Men of Harlech,” Claude Debussy’s “Waltz,” “Ballade Mistral” and “Concertino” have participated in the annual Homecoming Recital at 5 p.m. on Fountain Mall.

The recital can still be enjoyed by standing under the walkway of Draper Academic Building. Printed programs will be handed out before the performance. The performance by Keldermans also will be free, open to the public and it always, when I hear it, makes me come to hear him will be glad that they also has served as the carillonneur for Concordia Seminary in St. Louis.

Bells to ring in homecoming

As Baylor Bears stomp back into town for the oldest homecoming traditions in the nation, they will be marching to hear the bells.

The McLane Carillon bells of Pat Neff Tower will ring out as part of the annual Homecoming Recital at 5 p.m. today in celebration of Baylor’s homecoming.

Homecoming guests will also have the chance to enjoy a performance by prominent carillonneur Keldermans at 5:30 p.m. Sunday, also outside of Pat Neff Hall, serving as an additional treat for those that have walked back to Waco.

Keldermans has served as the carillonneur for Concordia Seminary in St. Louis, Mo., for 13 years, has played in concerts around the world and is the former president of the Guild of Carillonneurs in North America, according to the Missouri State University website.

“The performance is just a mix of styles and it is not hourly academic,” Geary said. “It is a lighter and less formal recital.”

The final songs will be some classic Baylor favorites “Saints Fight,” “That Good Old Baylor Blue” and “Baylor Fight.” The recital will end with a encore of “Saints Fight” and “That Good Old Baylor Blue.”

For more information, call the Baylor University School of Music at 710-3991.

Local theater to get lighting facelift

Local theater to get lighting facelift

The Waco Civic theatre is enjoying some time in the spotlight. The local community theatre has not only received a $10,000 grant from the Baylor Foundation, which will be used to fund a complete renovation of their stage lighting system, but has also obtained the rights to perform the acclaimed Broadway musical Les Misérables.

The executive director of the theatre, Eric Shephard, said the majority of the money will go toward new elements as well as LED and spotlighting instruments. He said the grant, though unexpected, could have come at a better time, as theatre recently needed experiencing problems with its current, nearly 30-year-old lighting system.

“It was unexpected, in a lot of ways, to get the money, and it was incredible that we get the full amount we applied for,” Shephard said. “We asked for $6,000. They could have obviously denied the proposal or only given us a portion of the money, but they funded the entirety of the grant, which was much needed.”

Shephard partly attributes the theatre’s securing of the grant to genuine effort to remain solvent and to pay for those needed programs. Volunteers at the theatre have recently painted many parts of the building, installed new flooring, replaced air conditioning units and repaired parts of the roof that once caused leaking. They also installed a handpainted scenic backdrop around the front of the building earlier this year, in addition to bringing a new light control board this past summer.

Shephard also said the grant, though it is an extremely popular show, right now, only the boldest of the bold would take it on. Waco Civic Theatre is definitely living up to the Waco theatre community in general.

“The full version of the rights for ‘Les Misérables’ finally being released in a big deal on every level in the theatre world,” Shephard said. “This news alone has taken will absolutely affect our pro-

though the process of becoming a successful theatre involves many steps and takes many years, according to Shephard, Waco Civic Theatre’s recent efforts and advanced advantage, without a doubt, their own goal of their production, which is the theatre community’s main appeal and that is indeed the idea of providing a fun time for the whole family. Our local dentist performing on stage. Shephard said that the community’s main goal was to come to hear him will be glad that they also has served as the carillonneur for Concordia Seminary in St. Louis.

With homecoming weekend upon us, I searched for the perfect dip to serve at a tailgate event or game watch party at home. The Velveeta and Ro-Tel snoozer is a classic but overdone, and I needed something to wow. However, the recipe I found is a bit more sweet than savory. Packed with peanut butter, chocolate chips and cream cheese goodness, this football dip is sure to please any sweet tooth.

Served with sweet or salty snack, it’s a sure touchdown at any party or tailgate this weekend.

**Name**
Peanut Butter Football Dip

**What you need**
- 1/4 cup softened butter
- 4 oz. softened cream cheese
- 1 cup peanut butter
- 1/2 teaspoon vanilla extract
- 1 1/2-2 cups powdered sugar
- 1/2 cup mini chocolate chips
- Chocolate sprinkles
- White frosting for football laces

**What to do**
1. Cream together the butter, cream cheese and peanut butter until thoroughly mixed with no lumps of butter. It should look a little whipped.

2. Add to the mixture the powdered sugar half a cup at a time. Fold in chocolate chips.

3. Put mixture on a sheet of wax paper and form it into the shape of a football. From there, move the dip onto a serving plate.

4. Cover the entire shape in chocolate sprinkles and press them on the surface to make them stick. Pipe the icing on the dip to make the laces. Use pretzels, animal crackers, cookies, vanilla wafers or another good scoop for a variety of flavor.

**What went right**
I freaked at how quick and simple this pin turned out to be. Actually, I took a few liberties with this one. I ran out of peanut butter and only had about three-fourths of a cup to spare for the dip. To make up the rest, I added a half cup of Nutella. While I couldn’t taste it directly, it added a velvety texture that took it over the edge into decadence.

**What went wrong**
Not much to speak of want terribly went wrong. Something to note, however, is to let the butter soften completely before beating it with the rest of the ingredients. Otherwise, the tasters are doomed for a lumpy, greasy bite.

Also, a good addition to the steps would be to chill the mix before shaping it into a football. It was quite sticky to manage, and for a bit, I thought I would have a giant lump of dough instead.

**Final consensus**
This festive dip is the perfect treat to celebrate the big game or for just a night at home to binge. While it’s certainly rich, it’s incredibly hard to stop once a bite is taken. This recipe was definitely a favorite in the newsroom and a nice treat to the taste buds.

Down North Houston Drive about 20 minutes from campus, lies Texas Cantina. This restaurant, located just outside the hustle and bustle of the Baylor Student Life, is the perfect blend of foods that truly is Tex-Mex.

Atmosphere: The outside is not very impressive, but walking in, patrons face the sight of eating inside, at the bar or outside in the patio.

The organizers of the event chose the patio for our visit since the weather was beautiful. The inside of the restaurant has a very relaxed atmosphere complete with a party room for larger gatherings.

Food: We split an order of Texas Cheese Fries as an appetizer. Their delicious menu consisted of steak as well as Blue Bell ice cream shakes and floats. They also brought out drinks menu consisted of sodas as well as the hustle and bustle of the Baylor campus, lies Texas Cantina. Overall, this place was a real gem to find. We made a great choice for randomly picking a restaurant off the street. It’s a nice, versatile place to bring a date or to bring a group of friends who want to do something.

The prices were fairly reasonable, around the same price as any other casual dining restaurant, but the food and atmosphere makes it stand out so much more.

Top left: A healthy heap of Texas Cheese Fries make for a great appetizer. Bottom right: The Backyard combo was a plate full of goodness and more than one person could eat. Right: The patio outside Cantina Texas was relaxing and peaceful.

Blast from the past: Baylor mums are coming back home

By Adam Harris

Though the tradition of giving mums for homecoming has fallen on college campuses, many recognize the custom from their high school years. The gift of this flower, decorated with elaborate ribbons, made a homecoming date official and was a big part of the students’ yearly celebration.

Until the ‘90s, mums were given out to the homecoming court and sold at the homecoming parade as well. This year, the senior class officers are bringing back the tradition to raise money for the class of 2016’s senior gift.

Cypress senior Julie James is the senior class secretary and treasurer and said the idea came from senior class president Haley Davis. “She came up with it last year when she was the junior secretary for the homecoming game,” James said. “They were with her on senior courtyard day and all three of them had mums.” James said the popular- ity around the mum costume gave Davis the idea to sell them for this year’s homecoming.

James, the said the mums were a big hit and alumni recognized them and wanted to know where to get them. James is one of the off- ficers who will be selling the mums on Friday evening and Saturday morning.

Thomas Lee Davis, vice presi- dent for constituent engagement and parking director, said the idea behind the fundraiser is a good way to bring alumni back to the heart of the 60s at Floyd Casey which is appropriate since mums were a big deal back then.”

Davis said the mums were vis- able evidence of a special weekend. “Baylor’s homecoming, which will be recognized by the Smith- sonian next year in a traveling ex- hibit, is a tradition that dates back to 1909.

Davis said she is excited for the last homecoming in Floyd Casey Stadium due to the energy sur- rounding the football team.

“In those years there was a lot of excitement about going to the foot- ball game,” Davis said. “In that way I think we’ve come full circle with excitement toward Baylor Football.

When I was a student you didn’t want to miss a game and I think this generation is the same with what you see around the team.”

James said the senior class gift is a way for the class of 2016 to leave their legacy at Baylor.

The senior class officers are using the mums sale as their first fundraiser for the year.

The senior class will vote on how to spend the funds raised by the officers. Recent gifts have come in the form of a check to the new students or scholarship money for future students.

The mums were assembled by Whitney Whitehead, a local business and will be in limited supply during their sales on Friday and Saturday.

They will be available for $20 at the class reunion buffet from 5 to 7 p.m. Friday, at the Getterman Center and the Carroll Science Building Saturday morning during the parade.

They also hope to offer personal- ize亲情 service and pro- vide the buyer with a product that means more than what meets the eye.

“The business world can be very cutthroat, so another huge goal of ours is to be relational and make solid connections with our clients and customers,” Baston said.

“We are selling a positive emotional experience for the customer buying the bags, and we want them to feel like part of something that’s big- ger than themselves. With Kith + Kita, you can buy a really nice product, but you can also impact a community.”

Kith + Kina is ambitious in raising their business said Sholden, who has had previous experience in this area, formerly helping run a similar company based in Kenya. Her collaborative effort and through carefully cal- culated planning, the three have combined their goals to create a win-win business model.

“It’s not about having the next billion dollar idea, it’s about making an impact!” Sholden said. “It’s incentivizing both ways, because the more bags we are able to sell, the more money we are able to make, but it is about business in about more than just a profit line. It’s also about people!”

Just as Batson, Nikles and Sholden have combined their respective yet diverse passions, they also hope to etch and build upon the traditions of the African women’s Kith said the end prod- uct will be one that no one has ever seen.

“Our business, much like our names, we’re trying to be two worlds together to form one large community and help people.”

Kith + Kina hopes to officially launch its first line of products in December, but in the meantime, they will keep customers updated on Facebook page. Twitter account and Instagram account, as well as sign up for their email list, which is updated by its new online community.

Sholden has combined their efforts and through carefully cal- culated planning, the three have combined their goals to create a win-win business model.

“We are aiding a positive emotional experience for the customer and we are able to sell, the more income these women will have. Yes, if we can sell, the more income these women will have. Yes, if we can sell, the more income these women will have.”

With our business, much like our names, we’re trying to be two worlds together to form one large community and help people.”

Kith’s Kina hopes to officially launch its first line of products in December, but in the meantime, they will keep customers updated on Facebook page. Twitter account and Instagram account, as well as sign up for their email list, which is updated by its new online community.

Kith + Kina have combined their efforts and through carefully cal- culated planning, the three have combined their goals to create a win-win business model.

“This event will be the first of its kind, but Ross says they are interested in doing more events that utilize the garden as a venue. “Many people haven’t expe- rience it, “ Ross said. “Gardens would be beautiful. I would love to see events like this along with stu- dents sharing their art as well as local Waco artists bringing their art. I could see all sorts of events happening at the garden.”

**Glee** to sing final number next year

By Rachel Fenter

LOS ANGELES — It looks like "Glee" will be in its final bow next season.

The Fox drama/musical will go out as soon as the current season is finished, according to Variety. The exuberant show, created by Ryan Murphy, the series' co-creator, officially announced its plans for a svelte, slimmed-down season.

Among the artists who have previously made the nomination list, those with the best chances of walking up to the stage are a few whose names should have been called years ago, namely Deep Purple, Peter Gabriel, Hall and Oates, and The Replacements are among first-time nominees.

Novoselic, David Grohl and Kurt Cobain. Nirvana, Linda Ronstadt, Peter Gabriel, Hall and Oates, and The Replacements are among first-time nominees. Among the first-time nominees, Nirvana, in its first year of eligibility because its debut single "Lithium" was released in 1988, a few months ahead of 1989's debut albums of the Beastie Boys and the Smashing Pumpkins.

Robert Griffin III - Distinguished Achievement Award
Harold and Ann Cunningham - Baylor Founders’ Medal

Special thanks to Baylor Chamber of Commerce for the many hours of work that have gone into preparation and execution of events for this very special weekend in the life of the University. From the Bonfire and Parade to Freshman Mass Meeting, Queen and her Court, Baylor Line and ongoing care of our beloved mascots, your dedication to Baylor and the Homecoming tradition truly reflects your motto: “Anything for Baylor.”
