PAXTON, page 5

Dora Miller, a Waco historical figure from WICS, will be commemorated near the new McLane Stadium with a new large, rising outdoor memorial. Cultural Arts of Waco, a nonprofit organization, is fundraising for the memorial. The proposed planned show paths leading to a large, architectural structure with a reflecting pool and ways leading to a large, architectural outdoor memorial. Cultural Arts of Waco. “I think this is an opportunity to bring people together who want to celebrate what was a historical first.”

Garland served as interim president of the university August 2008 to May 2010. He said there was some change around the campus because he served in that capacity for 20 months. Garland said that’s not the case with the provost position.

Baylor Ambassadors aim to represent student voice

Dr. Elizabeth Anne Brayton

Meeting with political stalwarts and attending prestigious events may seem outside the usual day of a college student, but these events are just a typical part of the itinerary for this Baylor Ambassadors. San Antonio senior Brandon Allman, president of Baylor Ambassadors, said the group’s purpose is to be a voice for the students on Baylor’s campus by working closely with the Office of Government Relations on Baylor’s campus in a variety of capacities.

“Essentially, we represent the student voice on government issues,” Allman said. “We also act as hosts in hosting dignitaries that visit Baylor’s campus and lobby for issues that affect students on the Baylor campus statewide and nationally.”

Houston senior Campbell Emanuel wrote in an email to the Lariat, “We are a voice for the student population, even if they do not realize that we are.” Allman said, “We make sure students get involved and connect with the issues that matter to them.”

Baylor Ambassadors work closely with the Office of Government Relations on Baylor’s campus by working with the University’s Washington, D.C. office, called the Baylor Advocates. It is to be a voice for the students in the nation’s capital, according to Cantwell.

“We are a voice for the student population, even if they do not realize that we are.”

The Baylor Ambassadors returned on Feb. 7 from a trip to Washington, D.C. The group spent their time lobbying for funding for the Baylor Research and Innovation Collaborative and student financial aid.

“We work with TEG [Texas Education Grant] for 20 percent of the time, which aids students who go to private universities.” Allman said. “The group allows more Texas students to attend private, nonprofit colleges or universities in Texas.”

“We are not all political science majors. In fact, probably only one-half to one-third of us. We have a diverse group, but we are all students who are interested in government issues, especially those that directly affect us as students.”

For more information, contact Brandon_Allman@baylor.edu.

Welcome the Class of 2018

Applications are due at 5 p.m. Friday and are available at www.baylor.edu/welcome-week. For more information, contact Zach_Warren@baylor.edu.

Registration for Steppin’ Out

Registration for Steppin’ Out is open to all students, groups, or organizations. The deadline is March 21 and Steppin’ Out will be held on April 5. For more information, contact Alan_Wilson@baylor.edu.

For more information on the forum, contact Adrian_Galvez@baylor.edu.

Mental health matters

Omega Delta Phi is holding a health forum from 7-9 p.m. Wednesday in A325 Baylor Science Building. The forum will cover how we deal with stress, the importance of mental health and how to maintain it. For additional information, contact Adriun_Depal@baylor.edu.

Early registration for the Bearathon Half and 5K ends on Friday. After Friday, entry fees will increase. To register, go to www.baylorbearsstudent_foundation.org. The race takes place on March 22.

February 19, 2014

Waco Convention Center
12:30 - 4:30 p.m.
baylor.edu/CPD

Round-trip shuttle service

Pick-up every 15 minutes behind Cashen Academic Center at 4th and Speight.

Student dress requirement: Business casual dress required; professional dress preferred.

Student “To Do” List before the Fair:
• Research the attending companies

Baseball wins one of three versus No. 19 ASU

By Bennett Demello | Sports Writer

Bears baseball opened the season with a 19-3 victory over Fort Hays State from behind 7-2 to beat the No. 19 Arizona State Sun Devils 9-7 Friday. The requt for series shaped up to be different for the Bears (1-2, 0-0), who went on to lose the series 1-2 after a 5-4 loss on Saturday and a 1-0 win on Sunday at Wickline Field-Packard Stadium at the Ferrell Paking Center.

"It's early in the year," Baylor head coach Steve Smith said after the win. "I certainly don't want to see a repeat performance against such a young team.

Baylor had four different players score from downtown in the first half. The Bears shot 4-for-11 from three-point territory and 6-for-11 from the line.

It was a frantic first half for the Bears; pulling ahead 14-9 at the end of the first half. Baylor could not score for the game before half.

With star guard Marcus Smart leaving the game because of a suspension, the Cowboys needed other players to step up in his absence. Baylor grew more patient with the ball in the second half. Baylor's defense also tightened up after the half, suffering from two to their total, making it 12-1.

Senior infielder Grayson Porter answered runs, putting the Bears ahead 3-1 in the first inning. After some errors and inefficiencies in the game, Porter's lead, 3-1, grew to 12-6 early, but Baylor's success at the free throw line also aided their cause in a game three was too much for the Bears to pull off two innings.

ASU head coach Scott Lindsey picked four innings and earned a career-high seven strikeouts, only allowing two hits and one walk. "I knew that Baylor was going to try and get starters out of the game as fast as they could, so they were going to beat us," Lindsey said. "I knew if I got ahead of hitters, our offense was going to be putrid and put in some nice work and get wins. So, I didn't have to worry about that."

Errors and inefficient play from the Beavers hurt Baylor in game three. The Beavers felled four different pitchers, and none could easily eliminate the game after the crippling sixth inning.

Smith brought up the condition of the field as a possible factor for the Beavers' kicking multiple errors. Generally, Smith acknowledged these mistakes as his fault, and the team should not fail in anything else.

Shoppert was a chair stirred and positive takeaway after his game in game two, and won Big 12 November of the Week honor on Monday.

The Bears play their first home game against UT Arlington at 6:35 p.m. today at Baylor Ballpark.
