Bears take stage in longtime Baylor tradition

IF ALL ELSE FAILS, JUST

Baylor will again take the stage in a longstanding tradition of Baylor University. The performance is a chance for students to showcase their talents and engage with the community. Previous acts have ranged from musical productions to dance performances. This year's event promises to be another memorable night for Baylor students and the surrounding community.
It’s Sing season once again

By Abigail Maconover News Editor

Students are preparing to go on stage to catch the attention of the judges and the audience. There are 18 acts this year.

Preparations begin early for the four-hour show. Student Productions and the organizations begin collaborating in March of the year before, said Patrick Kendrick, executive producer of Sing, in an email to the Lariat.

“It’s been so cool — we’ve been working on this act for almost a whole year,” said Austin Johnson, Phi Kappa Chi’s executive sing chair.

“We do have one group that is back inSing this year, Fiji, after taking a year off,” Kendrick said.

Each group has worked tirelessly to create an impressive act, Kendrick said.

“Every group has had various practices during the week leading up to the event. They’ve showed up with their game faces on,” Crane said in an organizational work.

“I hope that guests leave with a great appreciation for the work all the groups have done,” Kendrick said. “I love the great tradition that is All-University Sing and hope people really feel like it was well worth four hours of their time. I believe it will be”

Baylor Lady Bears basketball triumphed under the games against West Virginia on Feb. 15. The Lady Bears clinched a share of the Big 12 title with a 12-game winning streak.

**By Steve Verwys**

The Lady Bears have the chance to complete something special this season. When TCU comes to town on Saturday to face Baylor at the Ferrell Center, the Lady Bears can secure the Big 12 regular-season title with three games remaining in the conference. “These players feel here because of the traditions of the program,” Mulkey said. “When they that Baylor sanctions, they know the expectations are in line, and it gives them another big opportunity on the court for Thursday morning’s shootaround.”

Mulkey’s team is on a 12-game winning streak and is playing extremely well. The Lady Bears have even gone into overtime twice in conference play and are currently ranked #1 in the Big 12. “We’re talking about good players here, really good players—ones who can contribute in big ways and in big situations,” Mulkey said. “We weren’t in consideration nationally of winning Big 12 championships and get to the NCAA tournament. We want to go in the playoffs.”

Stoudemire’s debut will come against West Virginia (15-10, 6-8 Big 12) on Saturday and Kansas State (13-13, 4-10 Big 12) on Feb. 28. “We’re talking about good players here, really good players—one that can contribute in big ways and in big situations,” Mulkey said. “We weren’t in consideration nationally of winning Big 12 championships and get to the NCAA tournament. We want to go in the playoffs.”

Baylor had a poor shooting performance in its 74-65 loss to then-No. 21 Oklahoma State on Feb. 9. Senior guard Kenny Chery made the game-winning basket against the Cyclones, but couldn’t get his shot to fall against the Wildcats a few days later. However, that wasn’t the only problem for the Bears during the late game stretch.

“Our definitely played hard, but we let the game get away from us in the final minutes,” junior forward Taurean Prince said. “You miss 100 percent of the shots that you don’t take, so don’t be afraid to shoot the ball. Shoot it comfortably and shoot high percentage shots.”

Coach Scott Drew said, “Our job is to try to send both teams into overtime, showing that every shot counts in the Big 12. At the end of the day, if things come down to the last shot, you’re going to win.” Drew added, “We’ve just got to make shots and focus, that every shot counts in the Big 12.”

Former player Brady Heslip made a game-winning three pointer at the buzzer on Tuesday night, the Bears (19-7, 7-6 Big 12) host unranked Kansas State at noon on Saturday as part of the final home stretch for Baylor in the Big 12.

Baylor returns home to play three of its final five conference games before postsea-son play, and the last time the Bears and Wildcats clashed at the Ferrell Center, fans savored the home court advantage, Drew said. “We’ve bounced back successfully so far this year, and that’s what we need to keep doing because we all know how tough it is on the road. The key is to protect our home court, and fans are a lot more important than they may realize.”

No. 20 Baylor faces Kansas State at noon on Saturday as part of the final home stretch at the Ferrell Center. The game will be aired on ESPNU.

It hasn’t been an easy road for the No. 20 ranked Baylor Bears, and the strength of the Big 12 is proving itself to be the deepest conference in the nation with less than three weeks to go in the regular season.

After a 9-point win over Texas Tech on Tuesday night, the Bears (19-7, 7-6 Big 12) host unranked Kansas State on Saturday afternoon in one of their final games at the Ferrell Center.

The team has proven to be one of the most competitive teams in the conference with several statement wins but has also tripped up a few times for rough losses. One of their losses came in their 74-66 conference record in the team’s loss to then ranked Kansas State in Manhattan, Kan. last month.

Baylor just took a thrilling 74-73 win over then-No. 11 Iowa State on Jan. 14, but couldn’t put up a last minute shot with four seconds to go for a chance to win the matchup in overtime.

The Bears held as much as a 12-point lead over the Wildcats in the Jan. 17 meeting, but Kansas State stormed back to take the lead with six minutes to go in Manhattan.

Senior guard Kenny Chery made the game-winning basket against the Cyclones, but couldn’t get his shot to fall against the Wildcats a few days later. However, that wasn’t the only problem for the Bears during the late game stretch.

“Our definitely played hard, but we let the game get away from us in the final minutes,” junior forward Taurean Prince said. “You miss 100 percent of the shots that you don’t take, so don’t be afraid to shoot the ball. Shoot it comfortably and shoot high percentage shots.”

No. 5 Baylor tennis grows as full unit

By Craig Sierra

Soccer Tony Lauter high-fives teammate, senior Mate Zsiga, after winning a point during Baylor’s 4-3 loss to Illinois on Jan. 21. The Bears have bounced back and upset No. 6 Duke and No. 3 Virginia in the ITA Indoor Championships.

The Baylor Lariat
FRIDAY | FEBRUARY 20, 2015

Baylor has experienced major success under head coach Matt Knoll, and with the team chemistry this year, the team doesn’t expect anything to change. Zsiga has jumped in and out of the lineup so far, but it’s the type of unity and interesting dynamic to deal with, he said.

"We've got a great group of new guys here who are really talented, and they really love to be the older guys. It makes it a lot easier," Zsiga said. "We're going to be better." No. 5 Baylor is back at the Hurd Tennis Center for the 2015 Big 12 and NCAA Championships this spring at the Hurd Tennis Center.

"Sometimes we need to get those wins to realize how good we are and how good we can be in the future," Galano said. "It could be a great way to finish our careers at Baylor in the best way possible."

The Bears have found themselves in a position where they have two sure things for the season. We don't know who those are going to be, the team looks at it positively.

"It's a great position to be in, and the guys can manage the fact that we have a lot of good players," Knoll said. "We are going to have the right six guys in the lineup at the end of the season. We don't know who those are going to be right now, but everybody is going to get a chance." The team is on a roll.

Oklahoma who went on to claim the title, the team looks to advance to the semifinals of the ITA National Indoor Championships in Waco. The Bears face No. 55 Purdue today at 3 p.m.

"Sometimes we need to get those wins to realize how good we are and how good we can be in the future," Galano said. "It could be a great way to finish our careers at the best possible." The Bears have found themselves in a position where they have two sure things for the season. We don't know who those are going to be, the team looks at it positively.
