In the past three months, Richland Mall has recently closed or relocated various stores due to a variety of reasons. Menning emphasized the importance of timing in all this. Without leases running out, the opportunity for Bath and Body Works and other stores to come and go so drastically, partly because of the nature of the mall-managing and partly because of various economic factors, lead to job insecurity.

Texas is rich in many resources, such as land and minerals, but Williams said many of the problems facing this region can be found in other regions in Texas as well. Regions in far East of Texas are losing jobs of 34 inches of annual rainfall per year, while regions in the far West are gaining about 24 inches of rainfall per year, Williams said. The Lower Colorado River Authority was created in 1934. It controls the lower two-thirds of the Colorado River. The Colorado River, which is not affinitized with “more water” is a river in Arizona, Williams said, is the largest river in Texas.

Rylee Seavers | Staff Writer

The Lower Colorado River Authority was specifically created to complete the Buchanan Dam. Over the past 12 months, but the help of this congresswoman Lyndon B. Johnson, of Lower Colorado River Authority received the funding and resources it needed to continue its operation, created a public power program and educated people about electricity and ways, Williams said.

“Don’t tell the farmers and ranchers had power, did you they know how to do it? They got it at 1937,” Williams said.

Kaepernick will remain on the market

COLUMN

JACK PARSLER

Colin Kaepernick started his NFL career as a backup, but quickly rose to the top. After being cut by the Jets after the 2011 season, he was named a starter for the Broncos signed one of the greatest Backup quarterbacks need to be quiet, or he wants more money than he's worth. Kaepernick has anything close to the resume that Joe Thomas took to twitter to express his for two more seasons, but after the 2016 season began, with Kaepernick's controversial decision to kneel during the National Anthem was arrested on a sexual assault warrant for a 2013 incident in which a woman alleged Armstead gang raped her. Chatman was arrested, but that is a luxury Baylor is no longer afforded.

Based on our track record, more bad news seems as if being able to take care of your children shouldn't be such a narrow definition of family leave. Trump should consider expanding his plan to ensure that families are given a wide and generous definition of family, marriage or blood relation.

COLUMN

JAKOB BRANDENBURG

For more than a year, Baylor University has continually been in the news for all the wrong reasons. The fall from the school's sexual assault scandal to one of the worst seasons. If you are anything like me, you are sick and tired of reading on ESPN or getting on Twitter and seeing that another allegation of rape has come to light, a former player has been arrested or a disguised former president or football coach has made an unmitigated statement. Unfortunately, I'm here to tell you that these things won't go away anytime soon.

But remember that we can still hope. We can hope that our interim president, new football coach and athletic director have the team that he that's him behind the scenes.

Jade Brandenburg is a senior journalism major from Georgetown.
It’s important to be able to discriminate between real news and speculation. Milton Hershey School is not a presidential candidate. The school does not make endorsements and does not participate in political campaigns. The school remains non-partisan and does not comment on political matters.
Time is essential while working with ice cream. The pecan pie was refrigerated before being plated to help the ice cream melt as slowly as possible.

The final result is a well-lit, appetizing photo that can be used on a website, menu or social media. The raw photo will be further processed in Adobe Photoshop to make it look as good as possible.

With the camera on a tripod to eliminate motion shake and the salad placed at the most photogenic angle, the set is lit by multiple studio strobes to create appealing shadows and highlights.

If too much time lapses between plating and photographing a dish, it may look unappetizing on camera. This is particularly important with food containing large amounts of sugar, fat, fresh vegetables or meats.

To create promotional videos, Sinclair Chef Melissa “Zippy” Moford plates a crème brûlée underneath a video camera propped on the counter of the kitchen. Working within the constraints of the space while still aiming for a visually pleasing video requires extra focus.

Table Toppers fundraises, encourages creativity

CAROLINE BENTLEY

The Art Center of Waco has been an annual fundraiser, Table Toppers, on Thursday at the Baylor Club at McLane Stadium.

Table Toppers has been the Art Center of Waco fundraiser for more than 20 years and has become a staple in keeping the arts a constant presence in the community.

“It is such a fun and practical way to engage community members, local businesses and nonprofits,” Maggie Legband, the Art Center of Waco’s fundraiser coordinator, said. “Table Toppers has a wide variety of things for people who are really interested in the arts but may not be super artistic. This way, they are always engaged and seeing something new in the art world.”

The Table Toppers fundraiser allows local businesses, nonprofit organizations and schools to design tablescapes that sit atop the tables during the event. Legband emphasized how great of an opportunity it is for businesses and nonprofits to realize their imagination and what they do through a visual and artistic venue.

According to the Art Center of Waco website, the Art Center of Waco was originally opened in 1972 to encourage the appreciate of art, offer classes to cultivate creativity and present activities that would support the arts in such a fun and exciting way.

Other than Table Toppers, the Art Center of Waco is currently hosting the Top Young Artists exhibit on site. Top Young Artists is a competition for local high school students, and is one of the most competitive art exhibits in central Texas.

To help students and alumni prepare for the current fall, the Career and Professional Development and High-A House venues offer a variety of seminars and in-class visits to look over headband.

In addition to the live artists and tablescapes, Table Toppers attendees will have the opportunity to participate in a silent auction. This year’s silent auction has artwork from local artists, a fairy garden donated by Joanna Gaines and fun gift baskets for any occasion.

“I went last year on a whim but will for sure be back on Thursday,” said Waco resident Laschell Apel. “It was fun to be able to see how much kids enjoyed seeing everything and really get to know a different side of businesses than you normally get to see.”

Table Toppers will take place from 10:30 a.m. to 12 p.m. Thursday at the Baylor Club at McLane Stadium. The event is $70 for members and $80 for nonmembers. For more information regarding Table Toppers and to purchase tickets, please go to www.artcenterofwaco.org/table-toppers/.

Your solution is: "A __ for Corpse"
Men's, women's basketball teams named to AP All-American teams

NATHAN KEIL

The Final Four is just a few days away. Neither Baylor men's nor women's basketball advanced to this weekend but that has not taken away from the successful seasons that both teams had.

The Lady Bears finished the season 33-4 overall and claimed another Big 12 regular season title and advanced to the Elite Eight before falling to the No. 1 seed Mississippi State in an overtime thriller, 84-65 on Sunday.

The men finished 27-8 and advanced to the Sweet Sixteen before falling to South Carolina, 94-85 on Sunday.
